

Boom-Clean

For decontaminating and cleaning boom and spray tanks

Boom-Clean has been developed to remove stubborn agricultural chemicals from tanks, hoses, booms, filters, screens and spray nozzles. Boom-Clean will remove herbicide and pesticide deposits and other debris, including oily substances.

Benefits

- ✓ Chlorine free
- ✓ Microbe friendly (suitable for use prior to TwinN application)
- ✓ Environmentally friendly

Cleaning Directions:

- 1) Fill tank with water.
- 2) Add Hi-Clean at recommended rate [A], [B] or [C].
- 3) Agitate if possible.
- 4) Pump through boom and nozzles for 2 minutes.
- 5) Leave standing overnight.
- 6) Pump out onto soil.
- 7) Refill tank with water and rinse.

[A] - Light Soiling - Dilute 400:1 with water

[B] - Medium Soiling - Dilute 200:1 with water

[C] - Heavy Soiling 100:1 with water

Safety Directions:

Avoid eye and skin contact, corrosive vapour or mist may be harmful.

First Aid Advice:

- If poisoning occurs contact a doctor or Poisons Information Centre Tel 13 11 26.
- If swallowed DO NOT induce vomiting. Consume a glass of water and seek medical advice.
- If skin contact occurs remove contaminated clothing and wash skin thoroughly.
- If eye contact occurs, hold eyes open, flood with water for at least 15 seconds.
