BLU-K3

An ideal multipurpose liquid nitrogen with potassium and trace elements for improved plant performance

The power of liquid nitrogen has been taken to a new level! BLU-K3 harnesses the power of Potassium and key trace elements in one simple and efficient product. The combination of many plant essential minerals improves plants immune systems, aids in protein construction, and ultimately maximises grower profits

Benefits

- ✓ A cost effective liquid fertiliser, providing substantial levels of nitrogen along with a range of key elements.
- ✓ Effective and smooth on a wide variety of crops, even at low water rates
- ✓ Low salt index to reduce phytotoxic effects that otherwise cause leaf burn
- ✓ A time efficient and simple option. Don't risk incompatibility issues and valuable time by mixing multiple products on farm

TYPICAL ANALYSIS	g/L	W/V %	W/W %	pH	6.6 – 7.3
Nitrogen (N)	220	22.00	18.81	SG	1.15 – 1.19
Potassium (K)	23	2.30	1.97		
Sulphur (S)	0.5	0.05	0.04		
Manganese (Mn)	3.9	0.39	0.33		
Zinc (Zn)	3.0	0.30	0.26		
Copper (Cu)	0.5	0.05	0.04		

Fortified with Fulvic Acid and Amino Acids

APPLICATION RATES

Foliar	Rate/ha	Water/ha
Broadacre	10-80L/ha	50-120L/ha
Horticulture	5-60L/ha	150-1000L/ha
Furrow Injection	Rate/ha	Water/ha
Broadacre	10-30L/ha	30-50L/ha
Fertigation/ Pivot	Rate/ha	Water/ha
Horticulture	20-100L/ha	Variable
Viticulture	5-50L/ha	Variable

NOTE: This product will freeze below zero degrees, but will thaw and return to original quality

PACKAGING
20L, 200L, 1000L and Bulk

Version Created: 26-Jun-19
